Action Items:

Minutes from previous meeting not available and not approved.

Information/Discussion Items:

- a. Recreational Vehicles [RVs] (including any moving vehicle-based framework, including travel trailers) As Residences -- Workshop. Wendy Sugimura presenting.

Purpose of the Workshop was to discuss any potential policy change the County might undertake in light of the state-wide housing shortage.

While there are currently circumstances the county allows residency in RVs within the county, generally it would take a change in county policy to make it more available. While ideas were exchanged among the Committee, the staff and the public, no broad recommendations were agreed upon at the meeting and the matter may reappear at the AV RPAC in the future.

More staff hours are becoming available to the Community Development Department.

- b. Report by Supervisor Peters

There is a new incoming commander for the Marine Mountain Warfare Center. Traffic into Mono county through the Sonora Pass will be disrupted Sept. 4-19 for construction of a wildlife bypass.

Respectfully submitted.

Bruce Woodworth, Acting Secretary 775-461-6550
